

Please submit the application in electronic form as a pdf-document (max 5 MB, see point 11 below) and mail a printout of the document for our files.

1. Applying institution

- Institution**
- Charité
 - FU
 - HU
 - TU
 - UdK

Contact person for this application at the applying institution:

Surname, first name		Address	
Phone		Postcode, city	
Fax		Email	

2. Personal data of the proposed Einstein Junior Fellow

Surname, first name		Current position	
Current institution		Academic degree	
Address (current inst.)		Telephone/Fax	
Postcode, city		Email	
Nationality		Year of birth	
	Gender	<input type="checkbox"/> male	<input type="checkbox"/> female

3. Title of the research project

4.a) Discipline (please use DFG categories ("Fachsystematik"); multiple assignment, if necessary)

- Natural sciences
- Humanities and cultural studies
- Social and behavioural sciences
- Life sciences
- Engineering

4.b) Specific field(s) of research

(e. g. moral philosophy, solid state physics, neuropsychology, automotive engineering, etc.)

5. Funding period: months

Desired start of funding:

Funding cannot begin before the decision of the Foundation's Executive Board (dates of board meetings can be found on the Foundation's website) and must commence no later than six months after the date of the Foundation's letter of approval.

6. Non-technical summary of the project (max. 1,800 characters, not counting spaces)**7. Overview of the funding for the proposed Einstein Junior Fellow**

(summary of the budget demanded in point 10)

a) Own resources

	20	20	20	20
Funding from the university's budget				
Third-party-funds/other sources				
Requested funding as in 7.b				
Total				

b) Funding requested from the Einstein Foundation

	20	20	20	20
Staff				
Other directly incurred expenses				
Investment				
Total				

Grand total of requested funding:**8. Statement in support of the application by the university** (seperate document, **attachment A**)

- a) Please explain the Einstein Junior Fellowship's particular importance for the university's research profile and strategic research focus as well as for Berlin as a centre of science and research. Give details of any tenure-track options for the proposed Einstein Junior Fellow.
- b) Please elucidate the proposed Einstein Junior Fellow's outstanding academic record and, if applicable, describe the benefits for the teaching programme to be expected from the fellowship; include an assessment of the proposed Fellow's medium- and long-term career prospects.

9. Description of the research project by the proposed Einstein Junior Fellow

(attachment B: max. 12 pages, in Arial 11 font)

1. Research question, aims and relevance

Please state the principal goals of the proposed research, its relevance for science and scholarship and, if applicable, its impact beyond academia.

2. The current state of research and previous contributions to the research topic

Please locate your project in the context of international research and describe any preliminary work of your own in the area of research chosen. Applications must stand alone, i.e. be comprehensible without consulting the literature cited or attached.

3. Work plan

Please describe shortly the tasks to be performed by the employed researchers funded by the Einstein Foundation and locate them in the work plan of the project.

4. Details of ethical aspects (if applicable)

- *Animal experiments*: Please explain in sufficient detail the planned animal experiments (analogous to DFG-projects). The Einstein Foundation assumes that the regulations of the animal protection act will be observed and recommends in case of animal experiments requiring official permit to apply for this simultaneously to the submission of the grant application to the Foundation. Work on the project must not commence before the official permit is given.

- *Experiments involving genetic engineering*: In case of experiments involving genetic engineering the regulations for handling matters of genetic engineering of June 20th 1990 (*Vorschriften zur Regelung von Fragen der Gentechnik*, BGB I. 1990 I, S: 1080) must be observed. The project must commence no sooner than the official permits required by this law have been received by the applicants.

5. Collaborations

Please elaborate on all cross-cutting, interdisciplinary and international collaborations foreseen in the context of your research project and give details of the long-term funding envisaged, if applicable. The relevance of collaborations must be explained and justified and their expected added-value demonstrated.

6. Please outline your plans for the (scientific) publication of the project's results.**7. How do you envisage the continuation of your academic career?****10. Detailed budget and justification of resources**

(please add as **attachment C** and use the form available for download on the Foundation's website)

11. Attachments

Attachment A	See section 8.
Attachment B	See section 9.
Attachment C	See section 10.
Attachment D	See section 12.b.
Attachment E	Curriculum vitae of the proposed Einstein Junior Fellow
Attachment F	List of publications by the proposed Einstein Junior Fellow
Attachment G	Prices and awards of the proposed Einstein Junior Fellow

12. Statements and commitments to be signed by the prospective Einstein Junior Fellow

a) My project has not yet been launched. I am aware that this is only permitted after funding has been granted.

b)

Funding for this project has already been requested from another source.	<input type="checkbox"/> YES	Please see attachment D for details.
	<input type="checkbox"/> NO	Please see attachment D for an explanation as to why no alternative funding options are available and/or why the Einstein Foundation Berlin is the most appropriate agency.
If I submit such an application to another institution after applying to the Einstein Foundation Berlin, I will notify the Einstein Foundation immediately.		

c) If my project should be financed or co-financed through third-party funds (e. g. donors), I agree that the Einstein Foundation grants this third party access to the files relating to my project made available to the Einstein Foundation.

d) The research-related standards of gender equality at my institution will be applied to this project.

e) I shall adhere to the Rules of Good Scientific Practice (can be found on the English version of the DFG's website).

f) I agree that information containing personal data and details of the research project (cf. no. 6) will be published by the Einstein Foundation Berlin if the Foundation should grant the relevant funding.

g) Should I receive funding from the Einstein Foundation Berlin I undertake to submit an interim report one year after the start of funding and a final report after the completion of my research project. I agree to the publication of the final report.

13. Signature of the prospective Einstein Junior Fellow

Place, date	Signature
-------------	-----------

14. Signature of the University President or the Dean of the Charité

(in particular to corroborate the statement in section 8 of the application)

Place, date	Signature
-------------	-----------
